A Few Remarks Concerning Old Fashioned Plants

There is not an ornamental plant grown that can compare with these in attractiveness, beauty and usefulness, and there seems to be always something new and different every day to admire in a garden of these plants.

These plants require comparatively little care when once they are planted, as they come up and flower successively year after year.

In planting an Herbaceous Perennial Garden it is always advisable to make a rough plan so that you can tell the best place to plant everything you wish to put in, and what is of very great importance, it will help to keep the colors properly blended, and also help to arrange them with better effect regarding their flowering season.

This time of flowering must not be lost sight of if you wish to avoid clashing of colors, and in this catalogue you will find the month of flowering given, as well as the color.

Always plant, as far as it is possible, in masses, as this is the most natural way and also the most effective.

Nearly all species that are found wild are in masses. It is more satisfactory in most instances to plant a limited number of varieties in masses than to fill up your space with single plants in more variety.

Always cut off the flower stems as soon as flowers have gone by, as the garden will look better and the individual plants be greatly benefited, and in some cases a second period of bloom will result.

PHLOX DECUSATTA

HARDY PERENNIAL PHLOX.

As phloxes are one of the few flowers that bloom during the hottest part of the summer and continue in bloom through the fall, it can truly be said that no garden is complete without them.

Great improvements have been made in this flower during the last few years. The size of flower and spike is much larger, and the colors now range in nearly all shades.

The following varieties of phlox were selected and sent from our nurseries for exhibition at the Panama-Pacific Exposition.

- Antonin Mercie—Compact, rather dwarf habit, dark lilac shaded white; white center, medium size flower. 20 cents each, \$2.00 dozen.
- Brunette—Fine pyramidal spike; large flowers of a beautiful deep rich cardinal red, a very handsome variety. 35 cents each, \$3.50 dozen.
- Caprice—Dwarf habit, large flower, white shading to more or less salmon pink. 15 cents each, \$1.50 dozen.
- Charles Darwin—Very tall and very large spike, medium size flower, bright salmon pink. 25 cents each, \$2.50 dozen.
- **Dawn**—A very pleasing delicate shade of pink, medium height. 25 cents each, \$2.50 dozen.
- Elizabeth Campbell—One of the finest phloxes, large flower and spike. Color, light salmon pink, shading to large white center. 25 cents each, \$2.50 dozen.
- E. C. Rea—White and salmon pink, beautifully blended, very attractive. 15 cents each, \$1.50 dozen.

- Henry Murger—Tall habit, very large flower and spike, pure white with very large conspicuous crimson center. 20 cents each, \$2.00 dozen.
- Independence—Medium height, pure white, good size flower, early. 15 cents each, \$1.50 dozen.
- James Bennett—Medium height, light pink tinted salmon, large crimson center. 15 cents each, \$1.50 dozen.
- Le Mahdi—Very large spike, dark purple violet, has a decided blue effect. 25 cents each, \$2.50 dozen.
- Montagnard—Deep rich claret, very distinct and effective. 25 cents each, \$2.50 dozen.
- Miss Elphick—Tall handsome pyramidal spikes, medium size flower of a very bright salmon pink, dark center. 25 cents each, \$2.50 dozen.
- Madame Meuret—Fine bright red, dark center, large spike. 15 cents each, \$1.50 dozen.
- Miss Lingard. (Suffruticosa)—Pure white, slight pink center, small pyramidal spikes from June till frost, 2-3 feet high. 15 cents each, \$1.50 dozen.
- Mont Blanc. (Suffruticosa)—Similar to above, clear snow white flowers. 25 cents each, \$2.50 dozen.
- Pink Beauty—Very large pyramidal spike, pale pink flowers. 20 cents each, \$2.00 dozen.
- R. P. Struthers—A very pleasing variety, bright red, dark center. 15 cents each, \$1.50 dozen.
- Saisons Lierval—Large spike, pure white, distinct small crimson eye. 25 cents each, \$2.50 dozen.
- Widar—Purple violet, large white center, large flower. 25 cents each, \$2.50 dozen.

One of each of above, 20 varieties, postpaid, \$4.00. Six of each of above, 120 plants, express extra, \$20.00. Twelve of each of above, 240 plants, express extra, \$35.00.

GENERAL COLLECTION

- Amphitryon—Lavender and white, white center. 20 cents each, \$2.00 dozen.
- Argon—Pale pink, dark center, dwarf. 15 cents each, \$1.50 dozen.
- Baron Von Dedem—Large flower, brilliant blood red, large spike. 25 cents each, \$2.50 dozen.
- C. B. Merrill—A tall, late blooming phlox, very pretty, clear pink, light center. 25 cents each, \$2.50 dozen.
- **Champion**—Clear pink, large white center, dwarf. 15 cents each, \$1.50 dozen.
- **Dolly**—Very pretty light pink, light center, dwarf. 15 cents each, \$1.50 dozen.
- Esperance—Magenta lilac, shading to white center, dwarf. 20 cents, \$2.00 dozen.
- Frau Ant. Buchner—The finest white variety yet introduced; strong habit, and individual flowers of enormous size. 35 cents each, \$3.50 dozen.
- **Fedora**—Large flower, white suffused light pink. 25 cents each, 2.50 dozen.
- **Fiancee**—Pure white, very large flower. 25 cents each, \$2.50 dozen.
- General Chanzy—Bright scarlet tinted salmon, fine large spike. 25 cents each, \$2.50 dozen.
- General Van Heutsz—Large salmon red, prominent white center. 15 cents each, \$1.50 dozen
- **Huxley**—Purple magenta, very large, distinct white center. 20 cents each, \$2.00 dozen.

Lord Raleigh—Deep blue purple, the bluest phlox yet introduced. 25 cents each, \$2.50 dozen.

Mme. P. Langier—Bright salmon pink, dark crimson center. 15 cents each, \$1.50 dozen.

Richepin—Pure white, very large, distinct center. 15 cents each, \$1.50 dozen.

Tapis Blanc—Large flower, pure white, very dwarf. 25 cents each, \$2.50 dozen.

PHLOX SUFFRUTICOSA.

Entirely distinct from P. decussata, flowering in June and continuing till frost.

Miss Lingard—Pure white, slight pink center, 2 to 3 feet. 15 cents each, \$1.50 dozen.

Mont Blanc—A very fine pure white. 25 cents each, \$2.50 dozen.

PEONIES

Next to roses, these are the most popular of June flowers. They are very hardy, increase in beauty every year, and the colors are so pleasing, that they make a most effective display wherever planted. 50 cents each, \$5.00 dozen.

Agida—Dark red.

Duc de Cazes—Carmine red, center salmon.

Festiva—Pure white.

Festiva Maxima—Pure white, flaked purple. The best.

Francois Ortegat—Purplish crimson, large flower.

Louis Van Houtte-Bright red.

Mme. Victor Verdier—Deep rose, large flower.

Marie Lemoine—Sulphur white, large flower.

President Wilder—Delicate blush pink.

Rubra Triumphans—Dark deep red.

Thorbecki—Soft rose.

IRIS

IRIS GERMANICA (GERMAN IRIS.)

It is hardly necessary to describe this well-known family of Fleur-de-lis. On account of the richness and beauty of the flowers they are sometimes called Hardy Orchids. In height they vary from 2 to 3 feet, blooming in June. The list here given comprises the best varieties to be had. In the descriptions S.—standards, or three upright petals, and F.—falls, or three drooping petals.

FOUR NEW VARIETIES.

Lohengrin.

Very large flowers, violet pink. Large handsome foliage, a beautiful variety. 50 cents each.

Mme. Neubronner.

Clear golden yellow. The finest yellow yet introduced. 25 cents each, \$2.50 dozen.

Rembrandt.

Standards, pale reddish brown, falls, deep rich claret, very striking. 50 cents each, \$5.00 dozen.

Pallida Fol. Var.

A striking handsome variety, glaucous foliage, broadly margined with yellow, lavender flowers. 50 cents each.

GENERAL COLLECTION.

15 cents each, \$1.50 dozen, except as noted.

Aphylla—S. and F. white, fringed purple.

Aurea—S. and F. clear yellow. 25 cents each. \$2.50 dozen.

Delicata—S. very pale yellow, F. pale rosy purple.

Edina—S. and F. dark lavender.

Flavescens—S. and F. light pale yellow.

Florentina—Orris root. Large bluish white, early fragrant.

Gracchus—S. light yellow; F. crimson veined white.

Gypsy Queen—S. coppery yellow; F. rich maroon.

H. Cramer—S. and F. delicate pale lavender; F. darker.

Her Majesty—S. and F. handsome rosy purple; F. darker.

Honorablis—S. golden yellow; F. yellow and bronze.

Innocenza—S. and F. large white.

Mrs. Charles Wheeler—S. very pale lavender; F. deep purple.

Mrs. H. Darwin—S. and F. snow white, slightly veined purple.

Mme. Chereau—S. and F. white fringed pale violet.

Mme. Paquette—S. and F. rosy lilac; F. deeper.

Pallida Dalmatica—S. lavender; F. lavender tinted rose; 25 cents each, \$2.50 dozen.

Pallida Mandraliscae—S. and F. rich purple, very early. 35 cents each, \$3.50 dozen.

Rowlandiana—S. cream white; F. deep purple veined white.

Sappho—S. light purple, F. dark purple violet.

IRIS INTERMEDIA.

This is a new strain of great merit, obtained by crossing Iris pumila with Iris germanica. They flower earlier than the germanica, but have the large flower and tall flower stem. S—standard or upright petals; F—fall or drooping petals; 25 cents each, \$2.50 dozen.

Fritjof—S. lavender blue, F. deep violet.

Halfdan—S. and F. light cream.

Helge—S. and F. lemon yellow and white.

Ingeborg—S. and F. pure white.

Walhalla—S. lavender, F. rich claret.

IRIS KAEMPFERI—(JAPANESE IRIS).

With the possible exception of the German, the Japanese take the lead in Iris. The single flower is one of the largest blooms in cultivation. They range in color from white to purple, blue and rosy lilac. The standard or inner petals are short, giving the flowers a flat appearance. Give lots of water from middle of June till flowers are gone by; 3-4 feet, July; distinct varieties. 25 cents each, \$2.50 dozen.

HARDY CHRYSANTHEMUMS

LARGE SEPTEMBER FLOWERING.

Remarkable for their freeness of bloom and lasting qualities, with the October varieties making a succession of flowers from Sept. till hard frost. They grow 2-3 feet high with branching habit, flowers 3-4 inches in diameter. The plants we offer are in 2 1-2 inch pots and will make a splendid showing this year. 15 cents each, \$1.50 dozen, \$10.00 per 100.

Bronze Massie—Deep bronze red.

Horace Martin—Clear golden yellow.

Pink Lily—Deep pink.

Ralph Curtis—Light pink, white center.

OCTOBER FLOWERING.

These, within the last few years, have become very popular, as they come into bloom about the last of September, and

continue in beauty throughout October. They are very showy and useful for cutting purposes. The following are among the most distinct varieties. When planted in May or June they make a fine showing the following fall. From 2 1-2 inch pots. 10 cents each, \$1.00 dozen, \$7.00 per 100.

Agalea—Light yellow, tipped orange.

Blushing Beauty—White, edged pink, pompon.

Blushing Bride—Clear pink, pompon.

Boston—Dark bronze red.

Canovia—Orange yellow.

Dundee—Dark maroon.

 $\textbf{Eagle D'or} \color{red} - \text{Large yellow}.$

Fred Peel—Light lilac, pompon.

Golden Fleece—Deep golden yellow.

Ivanhoe—Dark pink.

James Boone—Creamy white pompon.

Jeannette—Yellow, tipped bronze, pompon.

Lyndhurst—Deep red.

Prosperity—Pure white.

Santiago—Bronze, tipped yellow, pompon.

St. Crousse—Deep brick red, pompon.

Sunset—Scarlet bronze, golden yellow.

Thalia—Pure white.

General Collection of Perennials

- This list comprises those varieties that have proved hardy in our vigorous and changeable New England climate. A slight covering as a protection from plants heaving is a benefit. Do not cover till ground is frozen hard and remove covering as soon as frost is out of ground.
- Achillea Ptarmica fl. pl.—Perry's White.—A splendid plant for cutting. The flowers are double, pure white, and in clusters on erect stems 2 feet high. Blooms all summer. 25 cents each. \$2.50 dozen.
- Aconitum autumnale. (Monkshood.)—Tall branching spikes of a deep purple blue, 4–5 feet. September. 20 cents each, \$2.00 dozen.
- Aconitum napellus bicolor. (Monkshood).—Lavender blue, each flower margined white, making a very pretty effect, July, 4 feet. 20 cents each, \$2.00 dozen.
- Anemone Japonica. (Japanese Windflower.)—One of the best of our Fall blooming plants, the flowers are very large, single, arranged on stems 2–3 feet high, colors in white and pink, September. Plants from 2 1-2 inch tops. 15 cents each, \$1.50 dozen.
- Anemone Pulsatilla. (Pasque Flower.)—Pretty cut leaf foliage, large violet flowers in April and May, 10–12 inches. 15 cents each, \$1.50 dozen.
- Alyssum saxatile compactum. (Gold Tuft.)—Fine yellow flowers in great profusion, spikes 6–8 inches high, May. 15 cents each, \$1.50 dozen.
- Aquilegia alpina superba—(Columbine.) Short-spurred, dwarf habit, blue and white, June. 15 cents each, \$1.50 dozen.
- Aquilegia chrysantha—(Columbine.)—Much branched spikes, graceful habit, good size flowers, light yellow, June. 15 cents each, \$1.50 dozen.

- Aguilegia coerulea hybrida—Long-spurred Columbine. A fine variety, the range and combination of color is very interesting, June. 15 cents each. \$1.50 dozen,
- Aguilegia flabellata nana alba—A dwarf white form, June. 15 cents each, \$1.50 dozen.
- Aguilegia vulgaris. (Columbine.)—Short-spurred, tall habit in various shades of blue, and pink, June. 10 cents each, \$1.00 dozen.
- Arabis alpina fl. pl. (Rock Cress.)—Good for edging or rock garden, quantities of pure, double white flowers. Good for cutting, 6 inch, May. 15 cents each, \$1.50 dozen.
- Arenaria montana. (Sand-wort.) Masses of dark green foliage, covered in early summer with large white flowers. An ideal plant for the rockery. 15 cents each, \$1.50 dozen.
- Armeria laucheana. (Thrift.)—Dwarf tufts of mosslike foliage, compact growth, clear pink flower heads, June. 15 cents each. \$1.50 dozen.
- Asclepias tuberosa. (Butterfly Milkweed.) Large handsome flower heads of a deep orange yellow, 1–2 feet, August. 15 cents each, \$1.50 dozen.
- Aster amellus.—Perry's Favorite.—An early flowering aster, with large rose-pink flowers, July. 15–18 inches high. 35 cents each, \$3.50 dozen.
- Aster amellus—Beaute Parfait—Quantities of very large dark violet blue flowers, yellow center, a free bloomer, July and August, 1 1-2–2 feet. 35 cents each, \$3.50 dozen. First-class certificate of merit, Mass. Horticultural Society.
- Aster Beauty of Colwall—This variety is a first-class novelty. Flowers of a pleasing lavender shade, very freely produced on stout, erect stems about 4 feet high. 15 cents each, \$1.50 dozen.
- Aster Novae Angliae (New England Aster)—Large violetpurple flowers in September and October, 4–5 feet. 15 cents each, \$1.50 dozen.

- Aster Novae Angliae Rosea—Similar to preceding with deep rose flowers. 15 cents each, \$1.50 dozen.
- Aster pulcherima—A hardy aster, 2–3 feet high, with masses of pretty violet-blue flowers. 15 cents each, \$1.50 dozen.
- Aster St. Egwin—A beautiful variety, producing flowers of a fine pure pink. It grows about 3 feet high and is of a very bushy habit, and densely branched. Very effective. 25 cents each, \$2.50 dozen.
- Bellis Perennis (Double English Daisy)—Flowers in white and pink. Good for edging or rockery. 10 cents each, \$1.00 dozen.
- Boltonia Asteroides (False Chamomile)—Tall aster-like flowers, pure white, 5–6 feet, September. 15 cents each, \$1.50 dozen.
- Boltonia Latisquama (False Chamomile)—Broad heads of lavender pink flowers in September, 4–5 feet. 15 cents each, \$1.50 dozen.
- Campanula persicifolia grandiflora (Peach Leaf Bell-flower)—A very handsome variety with tall spikes of large, clear, handsome, purple blue flowers, considered the finest of all Bell flowers, 2–3 feet high, June. 25 cents each, \$2.50 dozen.
- Campanula persicifolia alba grandiflora—A handsome white form of preceding. 25 cents each, \$2.50 dozen.
- Campanula persicifolia Moerheimi—Large pure white, semi-double flowers, three inches in diameter, having the appearance when in bloom of an enormous double stock, 1–2 feet, June. 25 cents each, \$2.50 dozen.
- Campanula turbinata (Hare Bell)—Tufts of dark green foliage, dwarf habit, clear purple blue flowers. A good rock plant. July till frost, 8 inches. 15 cents each, \$1.50 dozen.
- Centaurea Montana (Hardy Bachelors Button)—Gray, woolly foliage, large blue flowers in June, 12–18 inches. 15 cents each, \$1.50 dozen.

- Cerastium tomentosum (Mouse-ear Chickweed)—Pretty silvery foliage, pure white flowers in May. Good for cutting, 8–12 inches. 15 cents each, \$1.50 dozen.
- Chrysanthemum maximum "King Edward" (Shasta Daisy)—Composite flowers of purest white and yellow center, 4–5 inches in diameter, 2–2 1-2 feet high, in bloom from July till frost. 25 cents each, \$2.50 dozen.
- Chrysanthemum maximum "Mrs. J. Tersteeg" (Shasta Daisy) A new variety producing flower stems, 3-4 feet high. The flowers are very large, pure white and are borne very freely. One of the best for cutting purposes. 25 cents each, \$2.50 dozen.
- Convallaria majalis (Lily of the Valley)—Fine for massing under trees and covering bare places where grass will not grow, May 6–8 inches. 20 cents each, \$2.00 dozen, \$12.00 per 100.
- Coreopsis grandiflora (Harvest Moon)—Golden yellow flowers, 3 inches in diameter, lasting in bloom a long while. Fine for cutting, 2–3 feet, July. 15 cents each, \$1.50 dozen.
- **Delphinium chinensis** (Chinese larkspur)—Numerous branching spikes of intense blue, 18 inches, July. 15 cents each, \$1.50 dozen.
- **Delphinium formosum** (Oriental Larkspur)—Spikes of very large, single, purple blue flowers, 3-4 feet, July. 15 cents each, \$1.50 dozen.
- Delphinium formosum coelestinum—One of the finest Larkspurs in cultivation, large open flowers, tall spikes of a clear light blue, 3-4 feet, July. 20 cents each, \$2.00 dozen.
- Delphinium hybridum (Hybrid Larkspur)—Tall, handsome spikes varying in color from light to dark blue and purple, 4–5 feet, July. 20 cents each, \$2.00 dozen.
- **Dianthus barbatus** (Sweet William)—Rich deep maroon flowers, 1–2 feet, July. 15 cents each, \$1.50 dozen.

- Dianthus barbatus (Sweet William)—A beautiful shade of salmon, July. 15 cents each, \$1.50 dozen.
- Dianthus Napoleon III. (Mule Pink)—Large double flowers of intense and brilliant crimson. Sweet-scented and lasting in bloom from June till frost. Splendid cut flowers, keep old blooms removed, and protect in winter, 12 inches. 35 cents each, \$3.50 dozen.
- Dianthus plumarius nanus fl. pl. (Hardy Garden Pinks)— These range in color from pure white to deep red, with intermediate shades and variations. The flowers are mostly double, sweet-scented, and excellent for cutting. 15 cents each, \$1.50 dozen.
- Dictamnus caucasicus (Gas Plant)—Handsome foliage that looks well all summer. Flowers are large clear pink, on spikes 2–3 feet high, and exude a slightly inflammable gas, June. 25 cents each, \$2.50 dozen.
- **Dictamnus fraxinella alba** (Gas Plant)—A handsome plant with large white flowers, similar in other respects to preceding. 25 cents each, \$2.50 dozen.
- Dicentra spectabile (Bleeding Heart)—A very popular and attractive perennial, with long drooping spikes of red, heart-shaped flowers, June. 15 cents each, \$1.50 dozen.
- **Digitalis purpurea** (Foxglove)—Spikes of long, slightly drooping, tubular flowers. Rose, white and purple, June. 3–4 feet. 10 cents each, \$1.00 dozen.
- **Eulalia gracillima univittata** (Ornamental Grass)—Tall, green foliage, with feathery plumes in October, 4–5 feet. 15 cents each, \$1.50 dozen.
- Eulalia japonica zebrina (Zebra Grass)—Tall green foliage with leaves striped yellow laterally. The feathery plumes last all winter, October, 4-5 feet. 15 cents each, \$1.50 dozen.

- Funkia undulata variegata (Variegated Plantain Lily)—Splendid plant for edging or grouping, handsome green foliage, broadly margined white. 15 cents each, \$1.50 dozen.
- Gaillardia hybrida (Blanket Flower)—Composite flowers, variegated with shades of red and yellow, July. 15 cents each, \$1.50 dozen.
- Geum Heldreichi Splendens—Spikes of large orange colored single flowers, the color that always pleases. Divided dark green foliage. 2 feet, May and June. 35 cents each, \$3.50 dozen.
- Gypsophila paniculata plena (Double Babies Breath)—This is most useful for cut flowers. The individual flowers are in the form of small rosettes, pure white, and borne on enormous panicles, July and August. 25 cents each, \$2.50 dozen.
- **Helenium autumnale superbum** (Sneezewort)—Loose rounded heads of bright yellow composite flowers in August, 6–7 feet. 15 cents each, \$1.50 dozen.
- Helenium autumnale superbum rubrum—A tall Fall blooming red flowered perennial. Will be at once appreciated. The terra cotta flowers are borne on tall branching spikes, its habit and time of flowering is the same as its yellow parent. 15 cents each, \$1.50 dozen.
- Helenium pumilum magnificum (Dwarf Sneezewort)—Large spike, bright yellow composite flower, continuous bloomer through the summer. 20 cents each, \$2.00 dozen.
- Helianthus maximiliani superba (Sunflower)—Light yellow flowers in great quantities, borne on branching spikes 8–10 feet high, September. 15 cents each, \$1.50 dozen.
- Hemerocallis Dr. Riegel (Day Lily)—Late flowering variety, rich apricot-colored flowers, July. 2–2 1-2 feet. 35 cents each.

- Hemerocallis thunbergi (Day Lily—Late flowering, strong grower, lemon yellow flowers, August. 15 cents each, \$1.50 dozen.
- Hemerocallis flava (Day Lily)—Lemon yellow, large flower, sweet scented, May 2–3 feet. 15 cents each, \$1.50 dozen.
- Iris Siberica Orientalis (Siberian Iris)—Long graceful foliage, medium sized dark blue flowers, 3 feet high, July. 15 cents each, \$1.50 dozen.
- Iris Siberica Orientalis "Snow Queen"—Similar to preceding with large pure white flowers. 25 cents each, \$2.50 dozen.
- Lathyrus latifolius albus (Perennial Pea)—A pretty climber, clusters of white flowers similar to sweet pea. Good for cutting, August, 4–8 feet. 20 cents each, \$2.00 dozen.
- Liatris pycnostacha (Kansas Gay Feather)—Long spikes of rosy-purple flowers, 5–6 feet, August. 10 cents each, \$1.00 dozen.
- Lily of the Valley—See Convallaria.
- Lilium candidum (Madonna Lily)—Large sweet-scented pure white flowers, June. 20 cents each, \$2.00 dozen.
- Lilium speciosum varieties—Branched flower heads of large reflexed flowers in white, white suffused pink, and white suffused red, August. 30 cents each, \$3.00 dozen.
- Lupinus polyphyllus (Lupine)—Long spikes of innumerable pealike blue flowers, July, 3–4 feet. 15 cents each, \$1.50 dozen.
- Lupinus polyphllus albus—A white form of preceding. 20 cents each. \$2.00 dozen.
- Lupinus polyphyllus roseus—A fine pink form of preceding. 20 cents each, \$2.00 dozen.
- Lychnis chalcedonica (London Pride)—Strong stems, 2–3 feet high, terminated with heads of scarlet flowers, June. 15 cents each, \$1.50 dozen.

- Lychnis Haageana Hybrida (Maltese Cross)—Flowers nearly 2 inches across in scarlet, pink and white, June, 8–12 inches. 15 cents each, \$1.50 dozen.
- Lychnis Viscaria splendens plena (Catchfly)—Grass-like foliage with spikes of showy double crimson flowers, 12–18 inches, June. 15 cents each, \$1.50 dozen.
- Mertensia virginica (Blue Bells)—Drooping clusters of beautiful light blue and pink flowers, May, 1 foot. 15 cents each, \$1.50 dozen.
- Monarda didyma (Oswego Tea)—Large heads of brilliant scarlet flowers, aromatic foliage. Good for cutting, July, 2–3 feet. 15 cents each, \$1.50 dozen.
- Myosotis palustris semperflorens (Forget-me-not)—Continuous blooms of light blue flowers. 15 cents each, \$1.50 dozen.
- Oenothera Missouriensis (Evening Primrose)—Very large light yellow flowers, trailing habit, July. 15 cents each, \$1.50 dozen.
- Oenothera Youngi—Good-sized bright yellow flowers on spikes 2–3 feet high, June. 20 cents each, \$2.00 dozen.
- Papaver nudicaule (Iceland Poppy)—Small growing species, with medium size flowers. Orange, yellow and white. Good for cutting. July, 12–18 inches. 15 cents each, \$1.50 dozen.
- Papaver Orientale, Mahoney (Oriental Poppy)—Large flowers, dark carmine-purple, a very distinct, handsome and interesting poppy. 25 cents each, \$2.50 dozen.
- Papaver Orientale, Mrs. Perry—Enormous flowers of an attractive salmon rose, very fine. 25 cents each, \$2.50 dozen.
- Papaver Orientale, Oriflame—Very large flowers, measuring ten inches in diameter, three feet high, orange scarlet color. 25 cents each, \$2.50 dozen.
- Phlox subulata atropurpurea (Moss Pink)—Moss-like foliage, masses of magenta flowers in May. Good for rockery or banks, 4 inches. 15 cents each, \$1.50 dozen.

- Phlox subulata alba—White form of preceding. 15 cents each, \$1.50 dozen.
- Phlox subulata lilacina—Pale lilac form of preceding. 15 cents each, \$1.50 dozen.
- Platycodon grandiflorum, (Balloon Flower)—Very large, deep blue flowers on spikes, 2–3 feet high, July and August. 15 cents each, \$1.50 dozen.
- Pyrethrum Roseum Hybridum (Colored Daisies)—Large composite flowers, white and shades of light and dark pink, 1 1-2 feet, June. 15 cents each, \$1.50 dozen, \$10.00 per 100.
- Pyrethrum uliginosum (Giant Daisy)—Tall growing species, large white flowers, yellow center, September, 4–7 feet. 15 cents each, \$1.50 dozen.
- Rudbeckia purpurea (Cone Flower)—Very large reddish purple flowers, dark prominent center, 3 feet, July. 20 cents each, \$2.00 dozen.
- Sedum Spectabile (Showy Stonecrop)—Glaucous foliage, showy heads of rosy-purple flowers, September, 1–2 feet. 15 cents each, \$1.50 dozen.
- Sedum Sieboldi—Glaucous foliage, dwarf habit, pink flower heads in August and September. Fine for rockeries. 15 cents each, \$1.50 dozen.
- Sedum Telephium, (Live Forever)—Tall habit, dark reddish foliage, dark pink flower heads in September, 2–3 feet, 25 cents each, \$2.50 dozen.
- Spiroea filipendula plena (Dropwort)—Beautiful fern-like foliage. Spikes of double white flowers, June, 1 foot. 15 cents each, \$1.50 dozen.
- Spiroea palmata (Meadow Sweet)—Large heads of bright crimson flowers, July, 2–3 feet. 15 cents each, \$1.50 dozen.

- Statice latifolia (Sea Lavender)—Compound spikes of small lavender flowers in great quantities, July 2–3 feet. 15 cents each, \$1.50 dozen.
- Thermopsis Caroliniana (Carolina Lupin)—Tall close spikes of bright yellow pea like flowers, July, 3–4 feet. 20 cents each, \$2.00 dozen.
- Trollius Europaeus (Globe Flower)—Flowers bright yellow, globular shape, standing up well above the foliage. Good for cutting, June, 1–2 feet. 25 cents each, \$2.50 dozen.
- Trollius Orange Globe (Globe Flower)—One of the finest in cultivation, the flowers are large, stand well above the foliage, and are deep orange in color forming a perfect globe, June. 35 cents each, \$3.50 dozen.
- Veronica Incana—Silver foliage, deep purplish blue flowers, about one foot high, July. 15 cents each, \$1.50 dozen.
- Veronica longifolia Subsessilis (Giant Speedwell)—Large branched spikes of intense blue flowers, good for cutting, August, 2–3 feet. 15 cents each, \$1.50 dozen.
- Veronica spicata (Speedwell)—Dark green foliage spikes of deep purple blue flowers, July, 12–18 inches. 15 cents each, \$1.50 dozen.
- Viola cornuta (Tufted Pansies)—Large violet blue flowers, good size, on stems 3-4 inches long, Summer. 15 cents each, \$1.50 dozen.
- Viola cornuta alba—A pure white form of preceding. 15 cents each, \$1,50 sozen.
- Vinca minor (Trailing Myrtle)—Small dark shiny evergreen foliage, large light blue flowers, specially adapted for covering banks, and under trees where grass will not grow. 10 cents each, \$1.00 dozen, \$7.00 per 100.

CONIFERS — "EVERGREENS"

ABIES EXCELSA—NORWAY SPRUCE.

Unexcelled for wind breaks or hedge work, a rapid grower. 50 cents to \$1.50 each, according to size.

ABIES CONCOLOR—COLORADO SILVER FIR.

A splendid tree for single specimens for lawn decoration, long needles. Small plants 50 cents each, 3 feet, \$3.00 each.

A handsome silvery blue form, \$3.00 each.

ABIES CANADENSE—HEMLOCK SPRUCE.

One of the prettiest and most graceful evergreens. Young growth light green changing to dark as season advances. Good for hedge work or specimens, 1–2 feet, \$1.00 each.

JUNIPERUS CHINENSIS PFITZERIANA.

A new variety. Dark green foliage, bushy growth, pendulous habit. \$2.00 each.

JUNIPERUS—JAPANESE VARIETY.

Stiff upright habit, dark blue green foliage turning to bronze in early winter. 50 cents each.

CLIMBING ROSES

CRIMSON RAMBLER.

Good, vigorous plants, 35 cents each; \$3.50 dozen.

DOROTHY PERKINS.

Large clusters of double, clear shell pink flowers. The foliage is deep green, and the flowers are of large size, fragrant, and borne in fine clusters; a very popular climbing or trailing rose. 50 cents each; \$5.00 dozen.

EXCELSA.

Rich crimson red. One of the best. 50 cents each; \$5.00 dozen.

HIAWATHA.

Single flowers, in large clusters, rich carmine, base of each petal white, making a fine and pleasing contrast, 50 cents each. \$5.00 dozen.

MULTIFLORA—BLACKBERRY ROSE.

Clusters of small pure white flowers, covering the entire plant. 35 cents each; \$3.50 dozen.

SETIGERA—PRAIRIE ROSE.

Large single flowers, borne in clusters, changing from deep rose to white. 25 cents each; \$2.50 dozen.

WHITE DOROTHY PERKINS.

Pure white, similar to the popular pink form. 50 cents each; \$5.00 dozen.

BABY RAMBLERS.

- A beautiful class of roses, blooming from June till frost, dwarf habit, excellent either for bedding, or pot culture and forcing. 50 cents each; \$5.00 dozen.
- Pink Baby Rambler.
- Scarlet Baby Rambler.
- White Baby Rambler.
- Yellow Baby Rambler.

ROSA RUGOSA—JAPANESE ROSE.

These are very fine for single specimens, beds and hedges. Handsome foliage. Very free and continuous flowering. The flowers are large, single red, and followed by very large, round berries, red. 35 cents each; \$3.50 dozen.

ROSA RUBIGINOSA—SWEET-BRIAR.

Single pink flowers and ornamental fruit. Sweet scented foliage 35 cents each; \$3.50 dozen.

RHODODENDRON HYBRIDUM.

These should be planted in well sheltered positions, and be well protected from the sun through the winter. They bloom the latter part of May. Named varieties well set with buds. Clear pink, deep red and white. 18–24 inch. \$2.50 each.

SPIRAEA ANTHONY WATERER.

A low growing variety, with flat heads of bright crimson flowers. Flowering all summer, 2–3 feet. 25 cents each, \$2.50 dozen.

SPIRAEA VAN HOUTTEI—BRIADAL WREATH.

Pure white flowers, borne in bunches on nearly the entire length of the branches. Good for specimens or hedges; one of the best, May. 25 cents each; \$2.50 dozen.

SYMPHOROCARPUS RACEMOSUS. SNOWBERRY.

A very ornamental shrub, with pink flowers, followed by large white berries which last well into the winter, 3–4 feet. 25 cents each, \$2.50 dozen.

SYMPHOROCARPUS VULGARIS. INDIAN CURRANT.

Very graceful foliage, pink flowers followed by quantities of red berries in drooping clusters. Well adapted for dry situations, 2–3 feet. 25 cents each, \$2.50 dozen.

SYRINGA VULGARIS. COMMON LILAC.

These will grow in almost any situation or exposure. Very hardy. Common purple. 35 cents each, \$3.50 dozen. White, 50 cents each; \$5.00 dozen.

CLIMBING VINES

Ampelopsis Quinquefolia—Common Woodbine. 20 cents each; \$2.00 dozen.

Ampelopsis Veitchii—Boston or Japanese Ivy. 25 cents each; \$2.50 dozen.

- Aristolochia Sipho—Dutchman's Pipe. Large, dark-green foliage, a rapid grower when established. 50 cents each.
- Bignonia Radicans—Trumpet Vine. 25 cents each; \$2.50 dozen.
- Celastrus Scandens—Bitter-sweet. 25 cents each.
- Clematis Paniculata—A very strong grower and well adapted, on account of its freedom of flowering and fragrance, for piazzas, etc. Panicles of pure white flowers. 35 and 50 cents each.
- **Euonymous radicans**—Small, shiny dark green foliage, keeping green all winter, a fine plant for low walls, rocks, etc. 25 cents each; \$2.50 dozen.
- Lonicera Hallii—Japan Honey suckle. Very free and fragrant white and yellow flowers. 25 cents each; \$2.50 dozen.
- Wistaria Chinensis—Long clusters of violet purple flowers. 50 cents each.
- Wistaria Chinensis Alba—A white form of the above. 50 cents each.
